"...An excellent speaker with an important and hopeful message."

—Ruthann Fowler, Coordinator Programming and Public Outreach, Theosophical Society in America, Headquarters, Wheaton, IL

"...Inspiring message of hope"...

—Rev. Frances Lorenz, Center for Spiritual Living, Tacoma, WA

"...Eloquent, insightful, and articulate..."

"Dr. Catlin blessed our church with a positive message of hope for the future, a message much needed in this day of war, terrorism, and uncertainty. His presentation was eloquent, insightful, and articulate, as well as gentle and kindly. The idea that there are other spiritual masters willing to support humanity, in addition to the more familiar Jesus and Buddha, is one worth considering."

—Rev. Alden Studebaker, Garden Park Unity Church, Cincinnati, OH

“I highly recommend him as a Sunday speaker and workshop leader.”

“We were very pleased to have Dr. George Catlin as our guest speaker this past June. The congregation was receptive to his message and his workshop was well attended, even though it was a beautiful, sunny Sunday afternoon in Seattle. The congregation enjoyed him so much that there has been a call for a follow up study group to his workshop and book. Dr. Catlin is professional and articulate and he shared ideas that called for the congregation to stretch. I highly recommend him as a Sunday speaker and workshop leader.”

—Reverend Karen Lindvig, Unity Seattle Church, Seattle, WA

“...A man to consider.”

“I give my support and recommend Dr. George Catlin as a speaker for your future events. He has spoken at the last three Minnesota Edge Life Expos and garnered a large following by sharing information and leading the groups in meditations. He is a man to consider.”

—Gary Beckman, Producer/Publisher, the Edge Life Group, Minneapolis, MN

“...An outstanding and accomplished speaker.”

“Dr. Catlin is an excellent guest speaker. His warm, easygoing, and friendly personality set our church leadership people at ease and made it very comfortable to work with him regarding his presentation and his role in our Sunday Service and the afternoon workshop. Dr. Catlin is an outstanding and accomplished speaker. He knew his topic extremely well and made his entire presentation without referring to notes. His delivery was smooth, clear, and concise. He cleverly used humor to emphasize some of his key points. He made very effective use of visual aids to help his audience follow some of the more technical aspects of his presentation. He also did an excellent job of facilitating the workshop, interacting with the participants and providing meaningful answers to their questions.

Dr. Catlin was extremely well received by our congregation. His warm smile and sincere attitude captured the attention of all who were present. Our members were clearly impressed with his presentation as evidenced by the unusually high tape sales of that service and the attendance at the afternoon workshop. After both the Sunday Service and the workshop, many of our members were expressing their praise for Dr. Catlin's presentation skills and asking if he could return to speak again in the near future.”

—Bill Kinnett, Center for Spiritual Living, Bakersfield, CA

"...An excellent guest speaker."

"Dr. Catlin was an excellent guest speaker. His talk was very inspiring. His way of presenting the material was refreshing. Dr. Catlin presented information but reminded the audience to see what felt true for them. We had great feedback from our congregation. The whole experience was very well organized and required very little on our part. We would definitely be interested in having Dr. Catlin back when he is in the area again!"

—Mary Heale, Celebration of Life Church of Religious Science, Kettering, OH

"All came away more enlightened and stimulated."

"Dr. George Catlin spoke at the Unity Church of the Hills Sunday Worship Services on June 1, 2008. Our congregation was inspired by his simple, yet profound message of Truth. He touched the hearts of all who heard him. It was evident that Dr. Catlin not only teaches these truths, but lives them as well. The afternoon workshop was well attended and he once again engaged his audience with his talk. He offered thought-provoking points with thorough explanation. All came away more enlightened and stimulated. I would be delighted to recommend Dr. Catlin as a presenter to any organization. Thank you for bringing him to our attention. We were truly blessed".

—Ellen Fannin, Director of Special Activities, Unity Church of the Hills, Austin, TX

—Reverend Richard Billings, Unity Church of Oak Park, Oak Park, IL

"...Blessed and nourished our church community..."

"We are grateful that George Catlin blessed and nourished our church community with his message, his gentleness and authenticity. Everyone appreciated his enlightening message and his loving spirit. Four days later, class participants have already formed a prayer team to become a channel through which others are blessed. They know that they are a part of God's plan for good for the world."

—Reverend Susan EngPoole, Senior Minister, Unity of Louisville, Louisville, KY

"We felt blessed and grateful for his presence."

"I think it (George's visit) went quite well and the workshop was well attended. Many are fascinated with the ideas and most are impressed with George's genuine and unassuming demeanor that puts people at ease and is always careful to be respectful of other's ideas which came out in the workshop when a retired Southern Baptist minister questioned the doctrine of reincarnation and what one can or should expect after physical death. One person came up to me last Sunday before the service (a month after George was here) to tell me how much she enjoyed George and that he was her favorite guest speaker of any that she has ever heard because of how he honors people right where they are at. We felt blessed and grateful for his presence."

—Randy Fletcher, Unity Center of Columbia, Columbia, MO

"...Absolutely made a difference..."

"Dr. George Catlin is personable, a great speaker, and absolutely made a difference in the lives of those present on Sunday. His talk was illuminating and inspiring, and his presentation on creating a new world was also uplifting. I would be happy to welcome him back to our church any time."

—Rev. Nancy Kinarthy; Unity Church of Burbank and North Hollywood, CA

"...Truly food for the soul."

"'What do you want most?' 'What kind of world do you want to create?'" These thoughtful questions posed by Dr. George Catlin during his Sunday presentation at our church were designed to elicit deep insights from our congregation, and they did. We were privileged to host George recently and found him to be a warm and engaging new-paradigm motivational speaker. His message - an invitation to move beyond materialistic values of competition and self-servingness to spiritual values of cooperation and love - is truly food for the soul."

—Rev. Nancy J. Oristaglio, Unity Church of Antelope Valley, Palmdale, CA

"...Important and profoundly interesting."

"Dr. Catlin's workshop was very well received. I heard from those in attendance that the information he passed on was both 'important' and 'profoundly interesting'. His presentation style was delightfully accessible and to-the-point. His passion and commitment for the work rang through very clearly. We found the principles behind the teaching to be directly in alignment with what we focus on through Science of Mind. His way of breaking down the evolutionary stages of consciousness was very easily absorbed and provided an excellent foundation for the students' exploration of the issues. The information about The Teachers, while compatible, is not something we - as a Science of Mind Teaching Centre - can specially endorse. However, as I said, the members of our congregation that were present warmly received it and we believe strongly in welcoming different perspectives. We would gladly have Dr. Catlin back at any time."

—Arria Deepwater, Administrator, Centre for Conscious Living - Toronto, Ontario
Canada

"I would encourage every seeker of truth to read his book..."

"We received such glowing feedback from Dr. Catlin's talk and workshop. His words in the service were inspiring to those attending and his dedication to his important work for the world community was evident to all. The workshop drew a large number of people who stayed to hear more of Dr. Catlin's message of the upward spiral of spiritual evolution that we are experiencing in this twenty-first century. I would encourage every seeker of truth to read his book and embrace the profound spiritual insights they will find in its pages. I say, „thank you“, Dr. Catlin, for enthusiastically shouting this welcome and joyous message from the rooftops to uplift the minds and hearts of humanity to a more expanded realization of our unlimited possibilities."

—Reverend Raymond Russell Shea, Unity Church of Greater Hartford, South Windsor, CT

"He was gracious, easy to work with, and gave a marvelous talk."

"I want to express my appreciation for the presentation Dr. Catlin gave to our congregation. He was gracious, easy to work with, and gave a marvelous talk. We were delighted with the experience.

Dr. Catlin's message was quite profound and his use of visuals created a deeper connection to his message. When he left the picture of the malnourished boy up on the screen for a long period of time I found myself getting very uncomfortable. It forced me to address my issues around looking at such a condition in which this boy lives. He did an excellent job of afflicting the comfortable while his pleasing presence and clear articulated ideas comforted the afflicted. We would be proud to have him back and were blessed by his presence".

—Reverend Stephen Towles, Senior Minister, Unity Church of Christianity, Edgewood, WA

"..Standing room only."

*"Dr. Catlin's background as a Findhorn Community Member, founding Director of the School of Spiritual Science in Shutesbury, Massachusetts, Professor at Carthage College and Amherst, his PhD in Psychology, 25 years of teaching, and lecturing on the Ageless Wisdom, author of two books, *The Way to Happiness* and *The Long Journey Home*, and his radio and television appearances should be enough to qualify him as a great speaker on the topic, the gradual emergence of the Master's of Wisdom in the modern world. However, at the Theosophical Society in Detroit, we have a capacity to seat 50 people comfortably, but Dr. Catlin drew 66 people. On average we usually attract 12-25 people. This was standing room only. As President of the Detroit Lodge, I could only listen to his talk, could not view him, because of the overcrowding situation. He started with a meditation to bring the crowd into harmony, and after his talk and discussion period, I had to stop the question and answer period, because of time issues. Many people stayed after to talk directly to him. All comments from the people were positive, and they did enjoy his presentation and message. To me, he seemed to be genuine, honest, and full of energy, enormous spiritual knowledge, and bringing new life to old message about the Masters. Overall, I would recommend him for any spiritual organization."*

—Gary L. Contesti, President of the Theosophical Society in Detroit, Detroit, MI

—Kathleen Eggleston, Unity Center of Walnut Creek, Walnut Creek, CA

"...Brilliant and charismatic..."

"After hearing Dr. Catlin's inspiring talk at the Sunday service, my husband and I were compelled to spend Father's Day afternoon in the workshop, delaying our family plans until later in the day. Dr. Catlin's message was timely, inspiring, spiritually compelling and in alignment with the Truth. I found him to be an excellent speaker who held the attention of the audience, interacted well, and handled audience questions with grace and ease. I would see him again given the chance. Dr. Catlin is brilliant and charismatic. He has much to share and is committed to bringing his message to the masses. We very much appreciate Dr. Catlin sharing his ideas and time with us."

—Jeannette Hirt, Fox Valley Unity, Batavia, IL
